76	Matters Arising	Issue with Avonpark car park lights being too bright and left on overnight to be reported to Avonpark Manager.	Clerk		

### Enquiries and correspondence

- 1) A resident complained about debris (cut vegetation) being left alongside Crossways path. This has been looked at by the Maintenance Adv Group but is not felt to be a significant issue at the moment – debris is well away from the path and some debris will rot down fairly quickly. Vegetative debris has been left here before and it's not clear who is doing this & whether it's from the hedge here or elsewhere. It might be possible to clear some smaller amounts into resident green bins or to ask the Parish Steward if there's anything he can clear.

- 2) A resident raised concerns with poor parking and driving at school pick up / drop off times. This issue has been looked at before by the Parish Council and proposed yellow lines outside the School were not supported by nearby residents. The School recently reminded all parents about parking considerately. Drop off / pick up gates are changing from this term. The School is set to review it's Travel Plan. The PCSO could be asked to monitor this situation, although it's likely that any visits would be occasional.
- 3) Avonpark Community Engagement Team has confirmed a meeting with Cllrs Berry, Gilby and the Clerk on 15 March to talk through improvement plans.
