76	Matters Arising	Issue with Avonpark car park lights being too bright and left on overnight to be reported to Avonpark Manager.	Clerk	Avonpark Manager confirmed that the car park lights are now on a timer, reducing the time they are on.	

Enquiries and correspondence

- 1) A resident raised concerns about the informal status of the footpath that runs through the fields alongside and to the back of the cricket field, suggesting that consideration should be given to making them a PRoW. The fields have been bought recently but the new owners have explained in an article in the Weaver that they have no intention to prevent use of the path.
- 2) Cllr Gilby and the Clerk met with the Manager of Avonpark Retirement Village and representatives from Retirement Villages about their improvement plans for Avonpark. Proposals are for the two empty care home buildings to be demolished and replaced with one new set of apartments, within the footprint of the site. Better facilities are included in the proposals. A pre-app has been submitted to Wiltshire Council and a response was awaited. Their aim is for work to start in spring 2023.

- 3) Reverends Ann and Tessa from St Nicholas Church have been in touch about being prepared as a community to support any Ukrainian refugees who may be placed here. The PC is keeping up-to-date with advice from NALC and Wiltshire Council about any role for PCs and would work with the Church on coordinating support for any refugees that arrive in Winsley.
- 4) More Walking Maps have been put out in the shop, Hartley Farm and Seven Stars. The Clerk has a small number left for inclusion in residents' Welcome Packs. At some point the PC may want to consider whether to re-order more maps.
