

Quote to Repair Bowling Club Wall

On Fri, Mar 4, 2022, 10:59 Michael Byrne <mbyrne504@gmail.com> wrote:

Good morning

I've taken a look at the wall
And measured 8m length to come down and be rebuilt
Only inside wall hopefully outside staying up
As long as it stays up when repairing inside using mortar and rubble infill
Can only do section at a time to help
Keep other side stable

Price including materials
£630

Many thanks mick
