Winsley Bypass

Option 2 – No Right Turn

No.	Pro	Description
1	Land	Significantly less land acquisition required (if any).
2	No Carriageway Widening	Works can take place within the extents the existing verges without the need to widen the carriageway. Resulting in less risk and cost

No.	Con	Description
1	No Right Turn Lane	No improvement in turning into Dane Rise when travelling eastbound.
2	Single Crossing Point	No uncontrolled crossing west of the junction with Dane Rise
